- 3) The reason a decision to cease services has been made;
- 4) Any special requirements or requests regarding the termination itself;
- 5) A copy of AAA4's Appeal Process (if the Notice is submitted by AAA4).

In the event of a partial termination, the parties agree the remainder of this Contract Agreement shall be deemed to remain in effect and is not void.

After a Notice of Termination has been delivered to the FUNDED PARTNER by AAA4 or after such Notice has been submitted to AAA4 by the FUNDED PARTNER, then a contract closeout process will be initiated.

The revision, waiver,

- 5) At a minimum, the process shall include all of the following:

 - b) Written notification to the complainant of the results of the review, including a statement that the complainant may appeal to AAA4 if dissatisfied with the results of the FUNDED PARTNER'S review.
 - c) Confidentiality provisions to protect the complainant's rights to privacy. Only information relevant to the complaint may be released to the responding party without the client's consent.

Article XXIII. INTERAGENCY COORDINATION/COOPERATION

FUNDED PARTNER shall demonstrate efforts to initiate cooperative working agreements with other community agencies (i.e., ADRCs) providing services to older persons to establish a comprehensive, coordinated system of services that will facilitate access to, and utilization of, all existing services while reducing the incidence of service duplication. Acceptable methods of cooperation include, but are not limited to, letters of agreement, co-location and membership in interagency organizations. Services, whenever possible, must be provided at/or coordinated with focal points.

Article XXV. DIASTER ASSISTANCE PLANNING

As part of the area-wide disaster assistance planning, FUNDED PARTNER shall:

- 1) Designate an Emergency Services Coordinator and Alternate and submit via AAA4 Department Contact List.
- 2) Develop and maintain an Agency Disaster Plan (ADP). A template for a plan is available at <http://www.ready.gov>. The plan should be reviewed annually, revised as needed, and submitted to AAA4 as revisions are made.

For a complete list of items that need to be covered within the ADP, please refer to the Disaster Assistance Policy, Attachment D.

Article XXIV. PERSONNEL

AAA4 will not reimburse salary costs associated with one staff member who is being supervised by, or subordinate to, a family member. In the event that family members are co-equal within an agency, or when one family member is paid and one is not, sufficient internal controls must exist in order to prevent possible conflict of interest or financial improprieties.

ATTACHMENT A- PERFORMANCE STANDARDS

These performance standards outline Area 4 Agency on Aging's (AAA4's) expectations as to the fulfillment of the scope(s) of service contained in this contractual agreement. Minimally, these standards apply to the primary scope(s) for each service category as measured by the corresponding unit of service (e.g., meals, one-way rides, hours, etc.). If a service category is being provided in multiple counties, both county-level and aggregate performance shall be considered.

(A.) Classifications

For the purposes of monitoring and evaluation, performance levels shall be classified as follows:

- Above-Range Performance occurs when the actual number of service units provided is equal to or greater than 125% of the scope of service for a given time period.
- Within-Range Performance occurs when the actual number of service units provided is between 85% and 125% of the scope of service for a given time period.
- Below-Range Performance occurs when the actual number of service units provided is equal to or less than 85% of the scope of service for a given time period.

(B.) Regular Monitoring Process by AAA4 Staff

AAA4 staff collect and review performance data on a monthly basis. If AAA4 staff deem an issue has the potential to escalate into a compliance, performance or quality assurance problem unless some type of intervention takes place, then as soon as possible AAA4 staff will request the Funded Partner take corrective/preventative measures (see Part D below). Such measures will be commensurate with the severity of the situation, will be made in writing and will require a written response by a designated date.

(C.) Regular Evaluation Process by AAA4 Committee

AAA4's Joint Program Evaluation Committee (JPEC) has primary responsibility for evaluating program performance. JPEC receives a comprehensive performance report from AAA4 staff on a quarterly basis. In addition, all pending requests, recommendations, corrective actions and sanctions are reported to JPEC until such matters have been resolved.

Whenever JPEC convenes, new or further action may be suggested by staff before or during the meeting. No JPEC member is expected or otherwise obligated to approve a staff suggestion; JPEC may move an alternate action or no action at all. Any JPEC member may pose questions to staff and to designated representatives of a Funded Partner prior to casting a vote; however, failure of a Funded Partner to furnish a

designated representative shall not, in and of itself, constitute sufficient cause to delay action by JPEC.

(D.) Potential Corrective/Preventative Measures

In an effort to achieve a more acceptable outcome than is otherwise anticipated, JPEC may recommend the AAA4 Governing Board take one or more corrective or preventative measures, including but not limited to:

- 1) Take No Action at this Time
- 2) Require a Special Report
In this context, the term Special Report means a verbal presentation and/or a written statement to be provided by the Funded Partner at a specified time and place.
- 3) Adjust the Scope of Service
A change of Scope must be reflected in the Contractual Agreement. If the contract has already been executed, then the change can be made during the annual renewal process or through a Contract Amendment. In any event, AAA4 and Funded Partner administrative deadlines and resources should be considered.
- 4) Place the Program(s) on Collaborative Oversight Status
In this context, the term Collaborative Oversight means: a) JPEC will receive monthly updates from AAA4 Staff on the Funded Partner's performance until JPEC deems doing so is no longer necessary, and b) the Funded Partner's governing body will be notified of the reason for this action. The purpose of Collaborative Oversight is to help the Funded Partner meet performance standards without the need to consider a formal sanction.
- 5) Consider Formal Sanctions
A sanction may include Probation, Withholding Funds, Suspension, a Funding Reduction or Contract Termination. As long as any formal sanction remains in place, the affected party is not in Good Standing with AAA4 and, consequently, the affected party is not eligible to receive one-time-only funding or funding augmentations and may not be able to renew a contractual agreement with AAA4 until the issue is resolved.
{See AAA4 Sanction Policy for details}

In cases where the performance of a Funded Partner has been adversely affected by extenuating or unforeseen circumstances, AAA4 staff may suggest and/or JPEC may recommend that customary measures be lessened or foregone. Such cases include but are not limited to:

- No prior history of performance problems.

- A delay in AAA4's ability to reimburse a Funded Partner in a timely fashion due to corresponding delays in the federal or state budget processes;
- A substantial reduction or loss of revenue from AAA4 or from other sources;
- A significant disruption to a program's staff or volunteers due to a severe illness, condition or injury or due to a death;
- A disaster or emergency which obstructs the delivery of the service; or
- Another reason of comparable circumstance.

ATTACHMENT B- SANCTION POLICY

The purpose of this Sanction Policy is to describe the formal methods Area 4 Agency on Aging (Agency) may use in seeking to assure that programs and services under its purview comply with all applicable laws, regulations, requirements and expectations. This Policy supersedes all prior Agency Bulletins, Notices, Memorandums and other communications which address the imposition of sanctions. This Policy shall be referenced in and included with agreements between AAA4 and its subcontractors as appropriate. This Policy shall also apply to programs and services administered directly by AAA4 itself.

A. SANCTION POLICY OBJECTIVES

The basic objective of this Sanction Policy is to establish steps that can be implemented when less formal options are not deemed adequate to sufficiently protect the interests of the public, other subcontractors, the Agency or the funding sources involved. More specifically, the objectives are to:

1. Protect the interests of the recipients and beneficiaries of Agency-funded programs and services who are primarily older adults and family caregivers;
2. Assure programs and services are being administered efficiently and are also meeting quality/performance standards;
3. Hold subcontractors accountable to mutually agreed upon terms and conditions;
4. Preserve public funds through sound fiscal and legal practices; and,
5. To the extent practicable, prevent claims, suits or losses against the Agency.

B. CIRCUMSTANCES THAT MAY LEAD TO SANCTIONS

Where less formal options have failed to remedy a matter or are otherwise not reasonably available, circumstances that may lead to the imposition of a sanction include but are not limited to:

1. Failure to comply with a corrective/preventative action imposed by Agency staff.
2. Failure to comply with routine data, contract or fiscal reporting procedures set by the Agency.
3. Failure to comply with any other Agency-specific term, condition, regulation or policy.
4. The provision of programs or services in a manner that is counter to the stated intent of the Agency, of a funding source or of a

governmental body.

5. Failure to comply with any formal or informal action approved by the Agency's Governing Board.
6. Failure to comply with a term, condition, regulation or policy established by or through local, state or federal governmental bodies.
7. Evidence of a pattern of apparent disregard for the authority of the Agency, of funding sources or of a governmental body.
8. Evidence of such an unsatisfactory legal action or financial condition as to endanger fulfillment of an Agency agreement.
9. A violation of law.
10. Any other failure to perform in good faith.

C. POTENTIAL SANCTIONS

The Agency has identified five types of sanctions.

1. Probation
Probation means the Agency is choosing to temporarily monitor and evaluate a program or service more stringently.
2. Withholding Funds
When used as a sanction, the withholding of funds means the Agency is choosing to temporarily delay the honoring of a request for funds from a program or service.
3. Suspension
A suspension means the Agency is choosing to temporarily withdraw the authority of a program or service to obligate and/or expend funds either in whole or in part. The Agency shall specify allowable costs resulting from obligations properly incurred before the effective date of the suspension and not in anticipation of it. A final determination of allowable costs will be made upon closeout of the affected program or service and will be subject to audit.
4. Reducing Funds
When used as a sanction, a reduction in funding means the Agency is choosing to lower the amount of funds previously awarded. Ordinarily, reductions would be applied within the agreement period which typically does not exceed one (1) state fiscal year. Nevertheless, when an agreement is subject to renewal, reductions may be carried forward into the subsequent agreement period.
5. Contract Termination
When used as a sanction, contract termination means that prior to the end of the agreement period, the Agency is choosing to rescind the authority of a

program or service to obligate and/or expend funds. A termination requires completion of a transition plan describing how the needs of existing and prospective clients would be addressed.

In addition to the sanctions identified in this section, the Agency may also use any other remedies as may be legally available and appropriate.

D. SPECIAL CIRCUMSTANCES

In cases where a program or service has been adversely affected by extenuating or unforeseen circumstances, Agency staff may suggest and/or JPEC may recommend that a sanction be lessened or waived. Such cases include but are not limited to:

- No prior history of compliance difficulties.
- A substantial reduction or loss of revenue from the Agency or from other sources;
- A significant disruption to key staff or volunteers due to a severe illness, condition or injury or due to a death; or
- Another reason of comparable circumstance.

E. SANCTION PROCESS

By definition, the imposition of a formal sanction nullifies the Good Standing of the affected program or service with respect to the Agency. Programs or services that are not in Good Standing are not eligible to receive one-time-only funding or funding augmentations.

Barring deliberate Governing Board action to the contrary, the Agency would neither execute nor renew an agreement with a program or service that is not in Good Standing.

1. Imposing Sanctions

Ordinarily, Agency staff would present a matter to the Joint Program Evaluation Committee (JPEC) for review and discussion. JPEC would then make a recommendation for the Agency's Governing Board to consider. If it is not practical to convene a meeting of JPEC or if the matter requires immediate intervention, then the Agency's Executive Director is authorized to impose Probation, to Withhold Funds and/or to Suspend the activities of a program or service without prior consent from the Agency's Governing Board.

2. Formal Notifications

Upon imposition of a sanction, the following notifications shall be made:

- a. The person(s) who has/have primary oversight of the program or service in question shall receive a written sanction notice from the

Agency.

- b. With respect to each person in section “a.” above, his/her immediate supervisor shall receive a written sanction notice from the Agency.
- c. Each of the members of the Agency’s Joint Program Evaluation Committee (JPEC) shall be notified of the action.
- d. The Agency’s Advisory Council Chair and Governing Board Chair shall be notified of the action, and the full membership of their respective bodies shall be notified during their next, regularly scheduled meeting.

3. Removing Sanctions

Except in the case of a Contract Termination, the Agency shall specify in writing each of the following:

- a. A description of the sanction that is being imposed.
- b. The date the sanction takes effect.
- c. The reason(s) the sanction is being imposed.
- d. The condition(s) which must be met for the Agency to consider removing the sanction and the deadline for meeting said condition(s).
- e. A copy of the Agency’s Appeal Process.
- f. Any other information pertinent to the matter.

F. APPEAL PROCESS

An Agency-funded program or service may appeal the imposition of any sanction in accordance with the following process:

1. If the sanction was not explicitly approved by the Joint Program Evaluation Committee (JPEC), then within 10 calendar days of receipt of notification of said sanction, the program or service may file a written appeal requesting a special hearing with JPEC. The Executive Director will consider the merits of the request, conduct any investigation necessary, and issue a decision in writing within 10 calendar days of receipt of the request. The Executive Director’s decision whether to grant a special hearing with JPEC shall be final. If a special hearing is held, then JPEC shall make a recommendation for Governing Board action.
2. If the sanction was explicitly approved by JPEC and subsequently upheld by the Governing Board, then within 15 calendar days of receipt of notification of said sanction, the program or service may file a written appeal requesting a reconsideration of the matter. The Executive Committee of the Governing Board will consider the merits of the request, conduct any investigation necessary, and

issue a decision in writing within 15 calendar days of receipt of the request. The Executive Committee's decision shall be final. Within 30 calendar days, the program of service may file a petition with the California Department of Aging to request a review of the matter.

G. AMENDMENTS

This policy may be amended by resolution adopted by the Agency's Governing Board.

SAMPLE

ATTACHMENT C- JOINT PROGRAM EVALUATION COMMITTEE POLICY

The purpose of this policy statement is to clearly define the manner in which the Joint Program Evaluation Committee (JPEC) of Area 4 Agency on Aging (AAA4) shall carry out its functions as defined in the Rules of Procedure of the AAA4 Governing Board and in the AAA4 Advisory Council Bylaws and as referenced in the Performance Standards (Attachment A) and in the Sanction Policy (Attachment B). Furthermore, this statement shall supersede all prior AAA4 Bulletins, Notices, Memorandums and other communications which address the specific manner in which JPEC shall operate.

By the authorities set forth in AAA4's Agreement with the California Department of Aging to deliver state and federal programs as direct services of AAA4 and under subcontract between AAA4 and Funded Partners, henceforth and until further notice the Joint Program Evaluation Committee shall adhere to the following guidelines.

Meeting Schedule: Following the end of the first, second and third quarter of each State Fiscal Year (SFY), JPEC shall convene to consider any compliance concerns and to review the most recent quarterly and year-to-date performance numbers for all of the major AAA4-funded activities. Following the end of the fourth quarter of each SFY, JPEC shall convene to consider any compliance concerns and to review the year-end performance numbers for all of the major AAA4-funded activities. In addition to these four regular meetings, JPEC may also convene on an as-needed basis.

Written information to be Provided to JPEC: For all of the major activities funded by AAA4, current information regarding the subjects below shall be provided at each regular JPEC meeting. To the extent possible, all information shall be provided prior to the meeting.

- 1) Outstanding Achievement
This section shall address the status of any active nominations for Outstanding Achievement.
- 2) Open matters
This section shall address the status of matters under the purview of JPEC that have not yet been resolved, including but not limited to those involving Watch Status, special conditions, corrective actions, sanctions and contract closeouts.
- 3) New Providers/Programs
This section shall provide information on "new" Funded Partners (i.e., entities that did not have standing agreements with AAA4 during the prior fiscal year), "new" Service Categories (i.e., programs that were not funded by AAA4 during the prior fiscal year), and "new" Provider – Program combinations in one or more counties that did not exist during the prior fiscal year.
- 4) Impacted Services
This section shall address wait-listed programs. AAA4 considers a Wait List to exist whenever a Funded Partner begins collecting and retaining information from prospective clients who cannot be served for an unknown period of time because the capacity of the program has been exceeded.
- 5) Quality Assurance

This section shall address any concerns pertaining to stated, reasonable or generally accepted expectations of customer service, professional conduct and/or ethical behavior. Quality Assurance topics may include but are not limited to measurable outcomes, complaints and formal grievances.

6) Compliance (Not including Performance)

This section shall address any concerns that may arise when a Funded Partner or AAA4 Direct Service does not abide by some portion of their Contractual Agreement, including but not limited to administrative, data and fiscal requirements.

7) Performance (Units of Service Only)

This section shall briefly explain below-range, within-range and above-range performance. The latest Performance Chart shall be attached as a separate document. The Chart is a detailed report with Service Category and County details for each Funded Partner and for AAA4 Direct Services, including but not limited to:

- a. The annual award amount;
- b. The annual cost/unit (current annual award ÷ annual units currently agreed to be provided);
- c. The year-to-date (YTD) number of actual service units provided;
- d. The performance percentage for each quarter (quarterly units actually provided ÷ quarterly units projected to be provided); and,
- e. The YTD performance percentage (YTD units provided ÷ YTD units projected to be provided).

The Year-End report shall also include:

- a. A narrative recap of any significant changes that occurred during the SFY which appear to have impacted year-end performance.
- b. A year-end comparison of the original number of unduplicated clients agreed to be served versus the actual number of unduplicated clients served.
- c. A year-end comparison of the original, average number of units per client versus the actual, average number of units per client.
- d. A year-end comparison of the original award amount versus the actual amount spent and/or unspent.
- e. A year-end comparison of the original cost per unit versus the actual cost per unit.

8) Next Steps

This section shall itemize all of the matters which are being brought before JPEC for action, and it shall subsequently be used to summarize the actions taken by JPEC in order to maintain a written record.

Meeting Procedures: On all items brought before JPEC, AAA4 Staff will provide a suggested action for the Committee's consideration. These suggestions shall be based upon relevant information available at the time, thus they may change before, during or after any given JPEC meeting.

Designated representatives from Funded Partners and from AAA4 Direct Services are welcome to attend JPEC meetings, and they shall be given an opportunity to briefly speak

(or to have a brief, written statement read on their behalf) prior to votes being cast on matters which directly affect them.

JPEC members may pose questions to AAA4 Staff and/or to designated representatives during a Committee meeting; however, the failure to furnish a designated representative shall not, in and of itself, constitute sufficient cause to delay action by JPEC.

No JPEC member is expected or otherwise obligated to approve an AAA4 Staff suggestion or a request from a designated representative; JPEC may move an alternate action or no action at all. Once JPEC has adopted a recommendation by majority vote, that recommendation shall supersede the standing AAA4 Staff suggestion, and it shall be forwarded to the Governing Board.

If new, salient information becomes available *after* JPEC has made a recommendation on a matter but *before* the Governing Board has acted upon it, then AAA4 Staff shall present that information to the Board, along with an updated Staff suggestion if applicable.

Recognizing outstanding achievement: The mission of Agency on Aging \ Area 4 (AAA4) is “*to create and support opportunities that enhance the lives of Older Adults and their families to be safe, healthy and independent*” in home or community settings. Funded Partners that have made extraordinary efforts to successfully advance that overarching mission are deserving of special recognition and gratitude. Such efforts may be memorialized through the bestowal of an **Outstanding Achievement Award**. Awards shall be available in these broad categories:

- 1) Service Impact (Benefitting People in Measurable Ways)
- 2) Service Model (Outstanding Outreach, Program Evaluation and/or Use of Best Practices)
- 3) Staffing and/or Volunteers (Successful Recruiting, Hiring, Training, etc.)
- 4) Leadership (Consistent Vision, Readiness and Follow-Through within an Organization)
- 5) Administration (Maximizing Operational Accuracy and/or Efficiency)
- 6) Capital & Revenue (Attaining Long-Term Fiscal Sustainability)
- 7) Integration of AAA4 Special Priorities (Advancing a Common Goal such as Reducing Food Insecurity)
- 8) Advocacy (Being a Catalyst for Policy and/or Fiscal Change)
- 9) Awareness (Calling Attention to an Important Issue)
- 10) OTHER (As specified in the nomination)

Both organizations and individuals can be nominated in one or more of these categories. Nominations can only be made by an AAA4 Staff, Advisory Council or Governing Board member who does not have a direct relationship to the nominee that would constitute a conflict of interest. Nominations can be submitted at any time, and there is no limit to the number of nominations any one individual may submit. The nomination process shall follow the steps outlined below.

- a) First, the person wishing to make a nomination (the nominator) completes and submits an Outstanding Achievement Award Nomination Form.
- b) Second, AAA4's Executive Director screens the form to determine if there is a conflict of interest or if the basis for an award is not sufficiently substantiated. In either of these circumstances, the nomination is declined and returned to the nominator along with the reason for the determination. Otherwise, the nomination advances.
- c) Third, a copy of the nomination is sent to each member of the Joint Program Evaluation Committee (JPEC) for individual review within 30 calendar days of the send date. If less than

two-thirds of said reviews recommend approval, then the nomination is declined and the Executive Director shall inform the nominator. If two-thirds or more of said reviews recommend approval, then the nomination advances.

- d) Fourth, a copy of the nomination is sent to each member of the Governing Board at least two weeks prior to the Board meeting at which the item will be addressed. If there is not unanimous consent among the voting members present at said meeting to approve the nomination, then the nomination is declined and the Executive Director shall inform the nominator. If there is unanimous consent, then approval shall be granted.
- e) Fifth, the nominator and the awardee shall both be notified and invited to personally give/receive an Outstanding Achievement Award during a subsequent Governing Board meeting. If the awardee is unable or unwilling to appear in person, then the Award shall be mailed or hand delivered to them.

Amendments to this Policy shall require AAA4 Governing Board approval.

ATTACHMENT E- DATA SUNSET POLICY

The Agency on Aging Area 4 (AAA4) has developed this policy to improve the data collection and reporting process associated with Older Americans Act (OAA) programs. This policy applies to Registered and Non-Registered services regardless of whether they are contracted or provided directly by AAA4. This policy does not apply to Title III-B Legal Assistance which is classified as Restricted service.

Current AAA4 Policy states that client information and service units (i.e., program data) are due 10 calendar days after the end of each month. AAA4-Funded OAA programs may request an extension or a waiver if there are circumstances beyond their control that create a hardship. In the absence of a written extension or waiver, data submitted after the 10th calendar day is considered late. Late data submission may constitute a contract compliance concern; in such instances, the matter will be reported to the Joint Program Evaluation Committee (JPEC).

Effective January 1, 2024, this Data Sunset Policy further states that the aforementioned program reports shall be closed (i.e., become permanent) 25 calendar days after the end of each month. This provides AAA4 sufficient time to reconcile the program data that has been reported.

The sunset date (i.e., the 25th calendar day of the month) is universal. It applies in all circumstances (including those where extensions and waivers have been granted) because AAA4's reconciliation process cannot be completed until program data has been finalized.

AAA4's goal is to resolve discrepancies as they occur. To that end, AAA4 Staff may reach out to service providers before the sunset date. If a service provider detects an error after the sunset date has past, then AAA4's Data Team must be notified in order to make a correction in AAA4's data collection and reporting system(s). The occurrence of errors does not necessarily constitute a compliance concern.
